

HEALTH

The Willson Preschool must make adequate provisions for the protection of the health of the students and staff. The school is responsible for seeing that children with obvious symptoms of illness are not permitted to start the day's program. If a child happens to become sick during the day parents will be called to take the child home.

Please DO NOT send your child to Preschool if he/she:

- Has a fever or has had one during the previous 24 hour period.
- Has heavy nasal discharge (especially if it's yellow or green) or a constant cough.
- Is fussy, cranky or generally not him or herself...even when a child is tired; we want preschool to be a positive experience, so let's set them up for success.
- Has symptoms of a possible communicable disease such as diarrhea, chills, pain, sore throat, rash, earache or vomiting. Again, 24 hours since exhibiting one of these symptoms is appreciated.
- If your child utilizes a laxative, such as Miralax, to combat constipation please refrain from giving it to them so that it "kicks in" while they're at school. It's not comfortable or enjoyable for them to have it work while they're in the classroom.
- If you need to give your child any medication to "get them through the morning" or have them wear a mask "just in case" please keep them home.

Our favorite Rule of Thumb: Do not send your child to preschool if you would not want him/her playing with another child exhibiting those same symptoms. We try hard to prevent the spread of germs though out the Preschool. We can do everything we can, but our efforts are useless without your earnest cooperation.

Please do not send your child to Preschool if you do not want him/her to go outside to play. Weather permitting, children play outdoors every day and we do not have extra staff to stay inside with individual children.

Covid protocols are something we take seriously and we will continue to follow county guidelines. We will keep families updated on policies through newsletters and emails.

It is required that your child's immunizations are current with Montana Vaccine Requirements for School Attendance. A copy of your child's immunization record, from your health care provider or the county health department, is required on the first day of preschool. Medical or Religious exemptions are not accepted. You can email these records to Renee.willsonpreschool@gmail.com

Willson Preschool admits students of any race, color, national or ethnic origin to all the rights, privileges, programs and activities available to students at the school. It does not discriminate on the basis of race, color, national or ethnic origin in administration of its educational policies, admission policies, scholarship and other school administered programs.
