

PARENT INVOLVEMENT

The Parent Board meets a minimum of twice a year; there is a fall meeting and a spring meeting. The Board is responsible for the following:

- Supporting the director and staff in achieving their educational goals
- Allowing parents a forum for voicing their interests and concerns
- Hiring and dismissing the director
- Setting the staff salaries
- Setting the tuition fees
- Setting minimum health standards for the school
- Allocating funds

Every parent has a “say” and is able to attend the board meetings. They are invited to vote on administrative issues regarding the preschool. Please plan to attend the Parent Board meeting in the spring to become informed and to have input in the direction of the school.

The Board members (5) are elected at the March parent meeting each year. Officers include President/Chairperson, Secretary, and Treasurer and two at-large members. The President/Chairperson presides over the meetings and assists the director(s) as needed. The Secretary takes and reports on the minutes from the meetings. The Treasurer keeps the books and handles all financial transactions. For this service, tuition for up to three mornings per week is waived for the Treasurer’s child. This is a minimum two-year commitment.

The Board, Directors of the Preschool (who are ex-officio Board members) will also meet if any special situations arise during the school year. These parents will also act as parent representatives for the school year. If you have any recommendations or concerns please inform one of the Directors or one of the Board members. With the help of your input we can continually grow and maintain our quality reputation.
